

(c) Enplaned passenger data shall be provided for each airport served in non-scheduled service. Nonscheduled service includes charter flights and other transportation services not constituting an integral part of services performed pursuant to published flight schedules, but does not include flights performed as extra sections to published flight schedules.

(d) In column 1, carriers shall report the full name of each airport served in nonscheduled service.

(e) In column 2, carriers shall report the three-letter airport code found in the "Official Airline Guide" (OAG). If the OAG contains no three-letter code for a point served by the carrier, a three-letter code will be provided by the BTS' Office of Airline Information upon request.

(f) In column 3, carriers shall report the total nonscheduled passengers enplaned at each airport reported in column 1. This column shall be totaled.

**§ 298.65 Requests for extensions of time within which to file reports or for waivers from reporting requirements.**

(a) If circumstances prevent the filing of BTS Form 298-C on or before the due date, a written request for an extension may be submitted. Except in cases of emergency, the request must be delivered to the BTS's Office of Airline Information in writing at least three days in advance of the due date. The request must state good and sufficient reason to justify the granting of the extension and the date when the reports can be filed. If the request is denied, the air carrier remains subject to the filing requirements to the same extent as if no request for extension of time had been made.

(b) The Office of Airline Information may waive any reporting requirements contained in § 298.61, § 298.62, § 298.63 and § 298.64 of this part, upon its own initiative or upon written request from any air carrier if the waiver is in the public interest and the request demonstrates that:

(1) Unusual circumstances warrant such a departure;

(2) A specifically defined alternative procedure or technique will result in a substantially equivalent or more accurate portrayal; and

(3) The application of the alternative procedure will maintain or improve uniformity in reporting between air carriers.

**§ 298.66 Reporting exemption for State collection of data.**

(a) The Office of Airline Information may exempt a commuter air carrier from the reporting requirements of § 298.61 of this part if a State government collects the information specified in that section and provides it to the Department by the dates specified. The data provided to the Department in this manner must be at least as reliable as if they were collected by the Department directly.

(b) The Office of Airline Information will provide assistance to any State agency interested in participating in this exemption program.
